Government Plans Start "At Once" on Post-War Program

By G. R. BLACKBURN

OTTAWA, Jan. 28.—(CP)—To make freedom from fear and want "the assured possession of all," the government proposes "a comprehensive national scheme of social insurance," it was announced today in the Speech from the Throne read at the opening of parliament.

The speech said it is proposed to work out post-war security plans "at once" and that they will "constitute a charter of social security for the whole of Canada."

For this purpose, the government will recommend the early appointment of a select committee "to examine and report on the most practical measures of social insurance and the steps which will be required to ensure their inclusion in a national plan."

Adequate Incomes, Full Employment

Emphasis upon the necessity of guarding against major economic and social hazards which may arise at the end of hostilities was the feature of the speech read by the Earl of Athlone, Governor-General of Canada.

The objective will be to ensure "adequate incomes for primary producers and full employment after the war." A national system of health insurance is also proposed.

Other Measures Promised in Speech

Other measures promised in the speech include:

- 1.—Provision for appointment of parliamentary assistants to those ministers whose duties are particularly onerous because of war's demands.

- 2.—A bill for redistribution of representation in the House of Commons.

- 3.—Further development of the method of payment of the personal income tax "in the year in which income is received."

- 4.—A measure to provide establishment of a "Canadian war supplies allocation board," to provide for the financing and allocation of Canadian war production for the United Nations.

- 5.—Increased responsibilities to be assumed for the maintenance of Canadian airmen and Canadian squadrons serving abroad.

The speech said appointment of a joint committee representative of the agriculture departments of Canada and the United States has been agreed upon to coordinate food production for the United Nations.

Following is the text of the throne speech read by the governor-general at today's opening of parliament.

Honorable members of the Senate:

As you enter upon your duties at the beginning of this new year, you will be heartened by the improved position of the United Nations.

In the first year of war, most of the countries of Europe lost their independence, and the victors of Nazism occupied and oppression. In the second year, Italy, already at war, joined her power with the

Allied Military Leaders Meet in Council of War

By WES GALLAGHER

ALLIED HEADQUARTERS, North Africa, Jan. 28.—(AP)—A 48-hour conference here attended by the best military brains in Britain and the United States today sharply forewarned the day when the United Nations as a whole will move into Europe.

The military chiefs conferred with Lt. Gen. Dwight Eisenhower, commander-in-chief of the Allied Expeditionary Force in North Africa, after speeding eastward from the Casablanca conference of Prime Minister Churchill and President Roosevelt.

Those attending included: Gen. Sir John Dill, head of the British joint staff mission in Washington; Admiral of the Fleet Sir Dudley Pound, first sea lord; Gen. Sir Harold Alexander, commander-in-chief of the Middle East; Admiral Lord Louis Mountbatten, chief of combined operations (Commandos), and others.

The meeting was held in the headquarters of Lt. Gen. Dwight D. Eisenhower, Allied commander-in-chief, in a large hotel.

Admits Killing

Negro Cook Is Charged With Train Slaying

ALBANY, Ore., Jan. 28.—(AP)—The second cook of the Southern Pacific West Coast Limited was charged yesterday with the slaying of an attractive young Navy bride in lower berth 12.

Linn County District Attorney, Harold L. Weirich filed a first-degree murder charge against the cook, 30-year-old Negro, arrested in Los Angeles as the train entered its 130-mile run through Oregon and California.

THROAT SLASHED

Police Capt. Verne Rasmussen said in Los Angeles that Folkes confessed slaying the throat of Mrs. Martha Virginia Brinson James as she lay in her berth while the train rolled through Linn County early Saturday.

Rasmussen said, however, that Folkes refused his admission of killing the bride.

MOSCOW, Jan. 28.—German troops, refusing to continue a hopeless fight, are mutinying and surrendering in groups to the Russian assault units storming their crumbling strongholds at Stalingrad, dispatches from the front said today.

Today's news communiqué reported the surrender of a general, three colonels, four lieutenant-colonels, and other high officers among crowds of other German and satellite troops who had had enough. They came from the dwindling few thousands left out of 27 divisions totaling 220,000 men in and around Stalingrad, which had been besieged since 16 weeks ago.

Red Star, army newspaper, said that one German regiment which three days ago numbered 100 men and still equipped with machine guns and mine throwers, surrendered yesterday, the survivors numbering a few hundreds with two machine guns and 20 rifles for which they had no ammunition.

Red Star said that the German officers, with the exception of one, had been killed. The Russian tradition, sought to organize resistance in fortified buildings, dispatches said, and there were fierce fighting when they succeeded. The demoralization was sweeping through the survivors, dispatches said, and refusal to fight. The Russian official news agency said that the German officers had been killed.

Edmonton Fliers Lead Attack on Enemy Sub Base

Enemy Sub Base

LONDON, Jan. 28.—(CP)—Canadian squadrons of the R.C. A.F. today led a night attack on a submarine base in the Atlantic.

Sgt. P. G. Heron of Regina, leader of the attack, was in a squadron commanded by Wing Cmdr. H. M. Carleton of Edmonton, called it an easy trip and said the weather was fairly good.

"We flew out and back again in perfect cloud cover," Heron said.

P.O. L. N. Brown of 95 street, Edmonton, skipper of a six-aircraft raid, said the attack was "a very easy trip" and that the weather was fairly good.

Members of another squadron, led by Capt. J. G. S. R. Douglas, arguer, of Edmonton, P.O. Bob Taylor, pilot of Edmonton, and P.O. "Red" Brown, wireless operator—arguer of Edmonton, led the attack.

In Throne Speech

Collection of Taxes on Current Bases Promised

OTTAWA, Jan. 28.—(CP)—Further development of the method of paying personal income tax in the year in which the income is received was promised today in the Throne Speech read by the Governor-General as the fourth session of the 19th parliament opened.

The speech said the action proposed would carry "to its logical conclusion the approach made last year to the collection of taxes on a current basis."

Under the existing system of income tax collection in Canada, taxpayers are liable for the full year's tax on income of the 12 months from Sept. 1, 1942, to Aug. 31, 1943. Previously, income tax was paid on the income of the calendar year prior to that in which returns were filed on March 31.

Beginning in September, 1942, deductions of the source were started. The government is seeking to obtain from 85 to 90 per cent of the total liability by this means, the remainder to be paid when the taxpayer filed his return.

Should the government adopt a "pay-as-you-go" income tax law, the eight-month lag would be eliminated and income would be collected as soon as the income is earned. The government might be more to reduce the present eight-month lag, perhaps by four months.

John Bracken, Progressive Conservative leader, and M. J. Coldwell, C.P. leader, already have indicated their support for a pay-as-you-go system.

A Berlin military spokesman was quoted by the German radio this morning as saying the Americans are planning a major offensive. "Presumably" the Gulf of Gables, a relatively vulnerable sector on the line of Rome's retreat.

LONDON, Jan. 28.—British hard-line officials here today said the British situation today that new and forcible blows against the Axis, possibly against Germany direct, would emerge soon as the big result of the Casablanca conference.

The statement that the unconditional surrender of the big Axis powers was the aim of the conference had left no room for any more of the peace feelers which Germany has put out at various times since the war started and the lengthening German campaign in Russia was taken, in line with

the conference, as part of a growing feeling that Germany ought to be hit hard and soon even if the freeing of Tunisia is delayed.

Says Position Of Farmers Is Misrepresented

Repeated misrepresentation by Donald Gordon, chairman of the Wartime Prices and Trade Board of the position of the farmer on the question of national inflation, or non-inflation, was charged by Herbert E. Nichols, secretary of the Alberta Farmers' Union, Thursday.

Mr. Nichols was making reference to a recent address by Mr. Gordon wherein he stated that "the bellows have been blown on the inflation in the farming community that farmers constitute the one group which have been least benefited by the war." Mr. Nichols pointed out that the farmers were not claiming for inflationary measures. All they wanted to have the price paid for their products at a fair level.

The War Program

The official communiqué is cast in too general terms to give the public any information about what was accomplished at Casablanca. But, supplemented by the statements given to the press by Roosevelt and Mr. Churchill, a sufficiently clear summary is provided of the main items in the record of achievement. Decisions thus shown to have been reached are:

- 1—The war objective is the unconditional surrender of the Axis powers;
- 2—There is complete agreement among the Allies on plans for operations in all theatres during 1943;
- 3—A prime purpose in these plans is to make as much weight as possible off Germany's military machine;
- 4—Full material support is to be given to Russia and China;
- 5—General de Gaulle and General Giraud were brought into contact and agreed on the basic need of merging their forces and influence.

Based on these definite decisions, these inferences can be drawn:

- 1—There is to be no "negotiated peace" with the present heads of Axis states nor with any other men imbued with the same ideas. Further, no military agreement can be made with any Axis state, when it made the Kaiser a scape-goat, excused itself from responsibility, and agreed to a settlement it never intended to keep. This war is to be ended on the basis that it is Germany's war, not just Hitler's war.
- 2—The agreement on plans must be supposed to include agreement on the creation of an Allied war council and as to the appointment of commanders in all theatres.
- 3—To take the weight off Russia implies an invasion of Europe, perhaps at more than one point. This in turn involves the complete liquidation of the Axis forces in Tunisia as a preliminary. The clearing of that bridge-head will leave the whole southern front of the Axis liable to attack, wherever the military men may think most advisable to strike.
- 4—Full material support to Russia and China can only be given if the routes to Russia are kept open and if routes to China are reopened. The latter involves offensive operations of a major scale against the Japanese in Burma; and to make these operations successful, maintenance of pressure upon Japanese forces throughout the entire south-west theatre.

- 5—The unification of the Fighting French groups no doubt involved some pressure upon their rather temperamental leaders, and may require more. It is to be supposed de Gaulle and Giraud have told plainly that they cannot do their duty to France unless they compromise on essentials and allow the Allies to have the cause of liberation, they have to have. They may have also told that the measure of direct help they are to get must depend upon their own practical self-help in this only effective way.

The program thus outlined is the kind the Allied peoples have been clamoring for working for, and the kind of defensive fighting have been doing. The initiative is to be taken and held on every front and on every sea. At long last we are getting the kind of strategy we need and can meet the enemy on even terms. The plans drawn at Casablanca were drawn with this changed attitude in mind, and they are designed to take full advantage of the expanded and expanding Allied power.

What is being done to the enemy in Russia must be done to him in Tunisia, in western Europe, in the Orient; and done this year and if so far as Allied resources in leadership, fighting force and munitions-production make possible.

Careless Driving

Chief Constable Blackwood has been given instructions any too soon to clamp down on fast and careless driving in Edmonton.

The icy and rutted streets, the winter weather that tends to make pedestrians and the sun glare on the snow, are all factors that contribute to highway hazards. And, on top of this, there is a very obvious tendency on the part of many drivers to operate their vehicles with less caution now that gas and rubber rationing has driven so many cars and trucks from the streets.

This new carelessness is not the result of any growing contempt for safety. It is due to the false reasoning on the part of some drivers, that the more they drive the more they will save. It is not necessary to observe the traffic rules so scrupulously.

This is false reasoning because a reduction in motor vehicle accidents is not a corresponding reduction in traffic hazards. By far the greatest number of traffic accidents are not between cars and cars, but between cars and pedestrians.

As a matter of statistical fact, more accidents occur in this traffic than in congested traffic.

This tendency, then, on the part of some drivers, to relax their vigilance because there are fewer vehicles on the road is based on a dangerous reasoning. It should be sharply checked. And the Chief Constable does well to check it.

Parliament

The 1943 session of the Dominion parliament opened today. To end, according to wartime tradition, the session will not begin until after the first of February. The immensity of the war effort, and the enormous expenditure incidental to it, will, it is believed, also be a factor in the delay. And post-war questions are growing urgent in their demands for study.

Prime Minister King intimated long ago that the social budget was under consideration. The proposal to change income taxation to the pay-as-you-go basis is due for discussion; the more so because all expressions of opinion thus far have been favorable. The other side of the case—there must be another side—deserves to be examined. Manpower control, over control, wage control, are all becoming increasingly difficult, and parliament should give its assistance to inform and consolidate public opinion on such subjects.

The discussions it can be hoped will be kept as free as possible of partisan chatter. The times are too serious for "playing the game." No one expects to hear much stomach for harangues obviously designed to catch votes. If it is a business session, rather than a debating session, that will be creditable to the government and the members and appreciated by the public, who are consuming interest in matters far removed from party tactics.

The last year's game of the battle for Stargard has been ended. Of a force estimated from 220,000 to 375,000 men were ordered to take the city, there remained two or three days ago but 12,000. The alternative of a surrender or a useless death. The rest were dead or in Russian concentration camps. This force, so large as Canada's army overseas, was destroyed to pursue the German army. The German army was withdrawn when the threat of encirclement became clear. But Hitler had said the army must be destroyed, and his prestige would suffer if the attack failed and he had to retreat. Brave men never died in a loss deriving cause or in obedience to a less deserving master.

The investigation into the charge that Deputy Collector of Inland Revenue Coe signed the 1893 Dominion census returns was concluded recently has been concluded and the evidence has been submitted to the minister of inland revenue. The evidence was that Coe had signed the returns, but that the petition had been lost to see any signing. It was a document it would be an offence to secure signatures and be declared to incriminate himself.

Both in Britain and here the responsible political authorities are refusing to answer questions from the press regarding the situation in North Africa and the appointment of Marshal Petain as governor-general of Vichy. According to the new press, the American public is to be made aware of the seriousness of the war situation in North Africa and the political questions that it raises.

Now the American public is not even informed of the war situation in North Africa, and is therefore unable to give attention to it. In a recent batch of German newspapers, there are more stories from North Africa than there are from our own country. It is a sign of the times that a reliable source of information, rather than a sign of censorship, hangs over the situation there. It is well that Robert E. La Follette should be so much interested in this matter of censorship, but it is not necessary to send him indictments, as he indicates that it is necessary.

Alliance As the political situation, there are two viewpoints, both of them official. The one is that we are now in the process of forging a perpetual alliance amongst the

Errol Flynn Denies Charge Of Showgirl

LOS ANGELES, Jan. 28.—(AP)—Actor Errol Flynn, unmarried and serious, entered a firm, blanket denial in superior court yesterday that he was guilty of an "intercourse with showgirl" Peggy La Rue Satterlee who accuses him of twice raping her.

Answering various points in Miss Satterlee's testimony, Flynn asserted that he did not enter her place while his laundrette was anchored in a place bay off Catalina Island a year ago last August, that he did not seduce her on the return trip the following day, that he made no overtures to her at any time.

EMPHATIC DENIAL
"Did you have any intimate relations with her," defense attorney Jerry Giesler asked him.

"I did not," Flynn replied emphatically.

He denied all conversations Miss Satterlee said she had with him.

"Did she say 'I am J.R.' (his name) and did you say you would be willing to take your chances on it," Giesler asked.

"I said no such thing then or any other time," Flynn responded.

Flynn declared he did not spend more than five minutes away from the helm of his vessel as he returned to the mainland with his guests, Miss Satterlee, Buster Wiles, his friend, and several others.

The courtroom and corridors were jammed, mostly with women. Following a conversation he said he had with Miss Satterlee in the showers or stalls on the return trip, Flynn said:

"SHE WAS CRYING"
"I went up to the showers where Peggy Satterlee had been about 10 minutes. . . I could see she was crying. . . I said: 'What's it about?'"

She said: "I hate to go home. I have a job, we're alone by ourselves and can't pay the rent."

"I said: 'Why don't you go back to your mother and father?'" she said. "I hate them, too—they never do anything for me. I said: 'Look, let me take you back to the cockpit.' I sat her down and took over the wheel."

Asked why Miss Satterlee accompanied him on the yacht trip, Flynn said she was to appear in pictures to be taken for a magazine.

Inquiry Is Made Into Each Crash
Says Maj. Power

OTTAWA, Jan. 28.—(CP)—Air Minister Power yesterday declared to give the number of accidental crashes in the R.C.A.F. in Canada since May 1, 1942, and told the House of Commons that to provide such data would not be in the public interest. He said a similar view was taken in the United Kingdom.

M. J. Coldwell, who had placed the question on the house order paper, said he made the inquiry because he thought there had been an undue number of accidents.

Maj. Power said an inquiry is conducted into each crash.

Women Say Slain Man Kept Arsenal

CINCINNATI, Jan. 28.—(AP)—The widow of Victor Caproni, slain 29-year-old war plant guard, and the woman with whom she shared his life and abode said yesterday he kept them in constant subjugation with a 32-caliber handgun.

Both women have been charged with murder. Caproni was killed Monday as he lay on a hospital bed.

Mrs. Eleanor Caproni, 28, a slightly built blonde, was married eight years ago and is the mother of four. She declared in an affidavit that she and Caproni not only threatened her but also the children.

"He did that to me, too," chimed in Mrs. Pearl Leonard, 26-year-old, who said she and Caproni were separated from the same cell.

Police confiscated the handgun which Sheriff C. Taylor Handman reported, ranged from 25-caliber Remington-Union and a rare 32-caliber barretted pistol.

Letters Censored For 'Good Reasons'

VANCOUVER, Jan. 28.—(CP)—Letters between Vancouver and Victoria are being censored for "good reasons," Mr. L. H. Parker of the R.A.F. intelligence service, told a Rotary Club luncheon here yesterday.

"I wish I could tell you why it has been found necessary to censor letters between Vancouver and Victoria," he said. "But there are good reasons why it has been found necessary."

Victoria is on Vancouver Island about 80 miles by steamer from Vancouver.

Air Recruiters Descend Mine; Sign Up Seven

WINNIPEG, Jan. 28.—(CP)—The R.C.A.F. mobile recruiting unit party from No. 2 training command has completed an expedition believed unique in air force recruiting history.

The story was told yesterday of how the party, under command of P. L. C. P. Leary, won down 1,000 feet to the floor of the Little Long Lac gold mine at Geraldton, Ont., in Northwestern Ontario, where they signed up seven recruits.

On first arriving at the mine, the unit recruited three men above ground, then, donning mine overalls and helmets with lamps, they were conducted down the mine shaft by Nick Carter, mine superintendent.

The first group descended in a cage 2,000 feet down and then plumbed another 1,000 feet in a second cage.

Telling of their adventure, one of the group said "There is no point to a mobile recruiting unit if it cannot go subterranean when required."

B.C. Tories Want Provincial Leader

VANCOUVER, Jan. 28.—(CP)—A resolution calling upon the British Columbia Conservative party to elect a provincial leader "indefinitely" was adopted Tuesday night by political entanglements and commitments with the Liberal party by the Vancouver Centre Conservative Association and will be brought forward at a meeting of the provincial executive to be held in Victoria Feb. 6.

W. C. Thomson, centre president and chairman of Tuesday night's meeting, said the deciding vote which resulted in the resolution being adopted 12-11. He said yesterday that "this is a revolt against Mr. Mailland (Hon. R. L. Mailland, Conservative leader in B.C. and Conservative general) as he is lined up against the majority in the 1941 general provincial election in which no party was a working majority in the legislature. The C.C.F. party remained in opposition."

Copenhagen Hit For First Time

LONDON, Jan. 28.—(CP)—In fulfillment of British promises that the air offensive will go on with mounting intensity, Germany was smashed heavily Tuesday night and yesterday by Canadian, British and American big bombers while the R.A.F. for the first time in the war bombed Copenhagen, Denmark.

Targets of a raid yesterday afternoon by Mosquito bombers of the R.A.F. were shipyards in the Danish capital which were working for Germany, the attack followed earlier bombings of targets in Germany and France.

Going in low on Copenhagen the planes dropped their bombs and bursts were observed in the yards, the air ministry communique said. One plane is missing.

Stockholm dispatches said four persons were killed in the bombing of Copenhagen, which had been a theatre of operations in the house of commons only Tuesday when it was pointed out that U-boat engines were made in the Detroit of the Danish capital.

Liquor Rationed In Quebec Feb. 1

QUEBEC, Jan. 28.—(CP)—Introduction of a liquor rationing system, and sweeping cuts in the number of hours daily when liquor may be bought or served in Quebec province were announced yesterday by Hon. Louis Masson, provincial attorney-general.

Effective Feb. 1, the plan calls for a limit of 90 ounces of alcoholic liquor per person per week, with the provincial government to furnish free rationing books through the Quebec Liquor Commission.

The announcement made no mention of limitation of wine and beer.

Tavern hours are cut to an average of eight hours a day except Friday and Saturday when they will operate for 12 hours. That will bring a reduction of almost 50 per cent in the present times which permit an 8 a.m. opening and midnight close daily except Sunday.

HISTORIC OVEN DEMOLISHED
A brick oven that had been practically constant use ever since it was built by monks more than 300 years in King's Lower Town, had been demolished as part of a road-widening plan.

This advertisement is addressed to the Canadian people who have been asking the questions shown below. As brewers we have an established position in industry and in Citizenship. We feel duty bound to place the plain facts before the public because the prohibitionists are, as in the past, using W.A.K. as a means of forcing their will on the people of Canada, with absolute prohibition their ultimate goal.

Some Plain Talking About THE BEER SHORTAGE

WHAT IS THE EXTENT OF THE SHORTAGE?

(Answer) The available supply of beer under the new regulations is less than 70% of today's demand with the expectation that the demand will become greater as time goes on.

WHAT HAS CAUSED THE SHORTAGE?

(Answer) The Dominion Cabinet by Order-in-Council has restricted the quantity of beer which may be sold between November 1, 1942 and October 31, 1943.

WHY DID THE CABINET DO IT?

(Answer) It is believed the Cabinet did it without careful study and principally to placate the prohibitionists who, by means of a powerful lobby, misrepresented conditions to the Prime Minister. In placating that element of society the Government was placing the same class of people who, years ago, did everything they could to prevent Sunday street cars, who more recently have denounced the sending of beer to the very soldiers who in the blistering heat of North Africa, were fighting to preserve the liberties of the people back home; in their narrow-mindedness have effectively blocked proposals to have our picture theatres opened on Sundays for the benefit of enlisted men on week-end leave who also even spread the false story that sugar is used in the brewing of beer in Canada.

WAS IT NECESSARY?

(Answer) Beer has long been regarded the people's drink in the free democratic countries of the world. Canadian consumption has been low in relation to consumption in Great Britain and the United States.

Consumption 1942

Canada 100,000,000 Imperial Gallons, equivalent to 1.3 pints per capita per week
United States 1,750,000,000 Imperial Gallons, equivalent to 2.0 pints per capita per week
Britain 700,000,000 Imperial Gallons, equivalent to 2.3 pints per capita per week

Beer is brewed from Canadian ingredients which are in plentiful supply and not required for the war effort. Canadian beer contains no sugar. Tea, coffee and sugar are transported to Canada by sea and their curtailment has been made necessary only by a shortage of ocean shipping.

WHAT WILL BE THE CONSEQUENCES?

(Answer) Many of the evils of the prohibition era will return. Many of our soldiers, sailors, airmen and war workers are already being deprived of the nourishment and relaxation provided by a glass of beer.

WHAT IS THE REMEDY?

(Answer) In a democracy a government is the servant of its people. Governments are not infallible and from time to time, acting on bad advice, make mistakes. Whereas they should be quick to correct such mistakes, experience has shown that they are slow to do so unless the force of overwhelming public opinion makes itself known. The remedy in this case, therefore, is in the hands of the people of Canada, who believe in tolerance and moderation, to take every opportunity to publicly and privately express themselves against the Government's too drastic restriction of the sale of beer. Otherwise a fanatical minority will be able to continue its wishes upon a tolerant majority.

In the last war (1914-1918) the British Government cut the production of beer but the indignation of the munition workers was so great that it had to be restored in order to maintain production.

HAVE WE PUBLISHED THIS ADVERTISEMENT BECAUSE WE FACE THE LOSS OF PROFITS?

The answer is: **Emphatically NO!** This Company's profits are not at stake because we are even now heavily into the 100% Excess Profits Tax category and any additional income will only further wear out our plant without any compensation to our shareholders. We are making the fact known because we sincerely believe that the present shortage of beer is unnecessary and is not in the interests of true citizenship, the maintenance of morale, and war production.

Beef Supplies By Wartime Food

OTTAWA, Jan. 28.—(CP)—A total of 2,576 head of cattle were taken over by the Wartime Food Corporation in the government-owned company, between Jan. 30 and July 18 in Alberta, Manitoba and Ontario, said a return tabled in the House of Commons yesterday for the Food Corporation has the duty of buying cattle for domestic consumption which might otherwise be exported. The purchases were made to ensure greater beef supplies for domestic use, the return said.

Mrs. Gwendolyn Clarke to Head Local Council of Women for '43

AT THE ANNUAL meeting of the Local Council of Women, Edmonton branch held in the Y.W.C.A. club rooms at 2:30 p.m. Thursday, it was announced that Mrs. Gwendolyn A. Clarke will succeed Mrs. S. MacKenzie as president for the coming year. Mrs. Clarke is former vice-president of the Council. She will be installed at the evening meeting of the organization.

Others who are to take office are: Mrs. J. W. Adler, Mrs. Grace Knight, Mrs. W. McNeil, Mrs. J. B. Stewart, Mrs. W. E. St. John, vice-presidents; Mrs. J. L. Holmbeck, recording secretary; Mrs. P. Wellwood, assistant secretary; Mrs. T. Taylor, treasurer.

In her presidential report Mrs. MacKenzie told members and guests at the afternoon meeting that the greatest dream of the Local Council of Women had been partially realized in the past year with the introduction of rationing in the public. The National Council of Women through the efforts of Dr. Edna Galt of Toronto, receiver of public health, aroused the interests of its half a million members throughout the Dominion and a nutritional campaign was under way.

165 CLASSES HELD
The executive here entered into immediate collaboration with the Council of Social Agencies and the Home Economics Association, including Miss Mabel Patrick, Mrs. Ross Van, Miss E. A. Hattie, and other leading economists, with the result that 165 classes have been held with 1200 persons in attendance.

In 1942 the Edmonton branch Local Council of Women, succeeded in establishing classes in nutrition in the city, forming of the Edmonton Council of Nutrition and the provincial council of nutrition, obtaining real control for the city.

It commenced women's work for consumer's information, the War-time Prices and Trade Board, and the provincial council of nutrition, organized a Citizens' Committee, under Bureau, an organization for peace time as far as war time is first step in peace time reconstruction.

During the year the council received into its affiliation the following:

No Frills or Expensive Dress Mark Prorogation of Parliament

OTTAWA, Jan. 28. (C.P.)—A fashion editor looking for news on Parliament Hill at Wednesday's prorogation of parliament would have gone home with a practically empty notebook. There was no frills and there were no fine frocks.

Only a handful of people were in the galleries of the House of Commons and Senate and none of the usual throng of reporters and photographers. They apparently took the prorogation of parliament as a sign of the end of the session. A few younger women had come about half past six and since tradition says a woman cannot enter the House and Senate chambers without a hat, they had wrapped scarves around their heads.

There were more scarves than hats in the galleries. On the common floor, Mrs. Louise Kivler, a young member of parliament for North Battleford, Sask., was the only woman. She was wearing a wool dress of rich dark green, her black hair tied in braids about her head.

The other woman member of the house, Mrs. Con Taylor, Cape Breton, Liberal from Edmonton East, was in the chamber. She was wearing a dark dress and a black hat. She was talking about "I hated to leave my Red Cross work in the chamber."

"Have you found a place to live?" was frequent and the answer was almost invariably "no."

Gen. Chiang Kai-shek Proves Outstanding Strategist

"Good hunting, and happy landings" is the farewell wish of Airwoman Helen McIntyre as she bids good-bye to Sgt. Roger Nolet—and prepares to take over his desk at R.C.A.F. headquarters in Ottawa. This scene is being repeated at air force stations across Canada as men on ground duties remuster into aircrew, and girls of the Royal Canadian Air Force (Women's Division) step competently in to take their places. Airwoman McIntyre, daughter of Mr. and Mrs. James A. McIntyre of Montreal, enlisted last June as a clerk general. She is 22 years old, was educated at Verdun High School and O'Sullivan College. Sgt. Nolet is the son of Sgt. Cyril H. Nolet of No. 17 Equipment Depot, R.C.A.F., Ottawa. He enlisted June 12, 1940, and was employed in the Directorate of Manning at headquarters.

Right out of Mother Goose is this little girl in London, who rides her pony, Pixie, wherever she goes. She is Claire Cotton, daughter of a Brazilian consulate official.

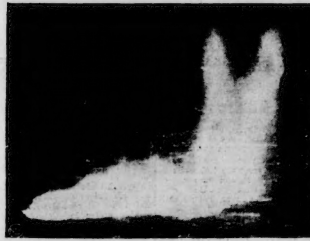

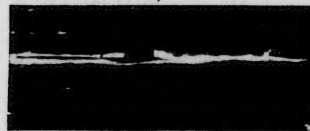

Generalissimo Chiang Kai-shek, who may go to the U.S. soon to ask more war aid, has been China's top militarist since the middle 1920's. Against Japan, since that invader struck in 1931 and again in 1937, he played a give and retreat game, frequently striking back fiercely after China had the trained men and equipment to do so. General Chiang is ruthless against foes of the state, often blunt with conferees. Madame Chiang, herself now in the U.S. for medical treatment, influences him greatly and takes an active part in civil and military affairs. Chiang is 56, weighs 150 pounds, is 5 feet 10 inches tall, and is wiry and soldierly in bearing.

Hitler Can Look at This and Weep

Have a look, Hitler. Here are some of the thousands of warplanes America is making in 1943 to more than double 1942's production of 48,000 aircraft. This double assembly line of four-motored B-24 Liberator bombers, in foreground, and C-57 transports, rear, is at Consolidated's Fort Worth plant.

Now You See It, Now You Don't

One little U-boat, riding on the sea; along came the R.C.A.F., now where can it be? Probably on the bottom of the ocean, for depth charge churning the water in bottom photo was dropped on spot where just a few moments before a Canadian coastal patrol bomber spotted the Axis submarine somewhere in the Atlantic.

First Aid For London Bomb Victims

In a snow-covered courtyard a London bobby, air wardens and rescue workers give first aid to victims of the recent Nazi bomb-and-machine-gun raid which took a toll of more than 100 school children and teachers killed, injured and missing. Warden in background is tearing a piece of cloth for an improvised bandage.

Tough Going

Coal Miners Get Down to Work

Pennsylvania's striking anthracite miners flocked back to work, their wildest strike waning in direct ratio to the approach of the deadline of President Roosevelt's "Back-to-Work" order. Pictured above is a group of former strikers, descending to the pits of the Lance Colliery, near Plymouth, Pa.

Flynn Defends Self Before Committee

a total income for 1942 of \$89,357.77 and a total expenditure of \$89,357.77. The income represents contributions to special appeals and voluntary gifts of \$12,458.38; branch donations of \$12,458.38; branch purchases of materials \$17,343.39; grant to the branch of the campaign funds collected, \$41,163.30.

Main expenditures were transfer of contributions, \$23,101.94; purchase of materials, \$27,701.94; peace-keeping expenditures, \$1,972.32; and administration, \$10,417.77.

In giving the report of the war-time activities, Mr. Muir, secretary-manager, showed that the total number of articles, including branch donations and auxiliary donations completed, amounted to 94,613 articles valued at \$18,706.00.

Chief items of this amount were 10,816 army socks, 3,816 army scarves, 5,783 sweaters, 2,231 quilts, 2,691 infants articles, 2,960 pyjamas, 8,099 gloves, 4,292 infant gowns.

No fewer than 103 types of articles were made, Mr. Muir stated. For this purpose material, in the extent of \$71,701.94 was bought. Of this \$12,458.38 was distributed to Edmonton workers and \$19,243.56 to country branches.

VAST QUANTITIES

For Edmonton this represented 13 tons of wool, 7.03 miles of material, 1,623 cut-out garments and 190 endings. For the country, it represented 27 tons of wool, 13.3 miles of material, 1,245 cut-out garments, 2,283 findings.

The welfare department was reviewed showing that there are 17 special responsibilities of the branch, including assistance to needy and sick, loaning of wheelchairs and crutches as well as the work of the Red Cross, supervised by Mrs. E. Marshall.

Mrs. L. Wain in charge of the survivors' packs, had in addition to securing the supplies received substantial donations.

Surgical dressings to the number of 26,094 had been completed under the direction of Mrs. C. E. McManus and Mrs. H. Elwell.

Work of the Junior Red Cross, under supervision of Mrs. Marshall, included the distribution of cod liver oil in the schools, the report showed, and Mr. Muir read a letter of appreciation from the school board.

TAG DAYS

Annual tag days under the supervision of Mrs. C. E. Marshall, the country of \$1,350.22, collected by 180 taggers. This total, added to the total of the previous years, enabled the sum of \$2,600.00 to be donated to the Junior Red Cross hospital.

Further \$1,850 was collected on the premises of war parcels day.

With the addition of new branches the number of groups now amounts to 181 of which 170 are branches, the report stated.

Dealing with the superfluous shop figures the report of Mrs. M. McLachlin, manager, showed that \$1,000 had been collected for a mobile kitchen, \$55,000 for the 1942 campaign, \$500 for the Navy Merchant's League, \$500 for the Merchant Marine, \$500 for the Russian Relief, \$200 for the Greek Relief, \$150 for the Red Cross general fund, leaving a balance of \$1,100.

Workers at the shop beside Mrs. McLachlin are Mrs. D. McLachlin, Mrs. N. Fraser, Mrs. J. H. Johnson, Mrs. Angus Macdonald, Mrs. Lorne James, Mrs. W. C. McCormack, Mrs. George Scott and Mrs. W. J. Dick.

In her report, Mrs. Procter stated

The map above shows the Western Mediterranean, and illustrates the military situation there.

that while less articles had been made this year than was accounted for by the fact that more elaborate articles such as boys' tweed suits and knitted articles were being made. These garments, she explained, took far more work than the making, for instance, of surgical levels.

WORK PRAISED

Mrs. Procter praised the work of the branches of the Women's Institute, which, she stated, gave the Red Cross valuable assistance.

Churches, which assisted the Mohammedan, Greek, Lutheran, Latter Day Saints, Church of the New Apostles, and Jewish, also came in for special mention by Mrs. Procter.

Mrs. Marshall revealed that there are now 102 groups of the Junior Red Cross with a membership of 600 in Edmonton.

The donation of cooking by the Greek and Jewish women's groups to the superfluous shop was mentioned in the report submitted by Mrs. McLachlin.

Mrs. William Conquest gave a report on her work during the year.

GUEST SPEAKER

Field director for the American Red Cross, C. Jacobs was a guest speaker at the meeting.

Warm thanks for the work which the Edmonton Red Cross had done among the American troops stationed here was extended by Mr. Jacobus, who further stated that the aims of the American society were identical with those of the Canadian.

There are, he said, 3,700 branches in the United States.

Mention of the recreational centre, now being constructed by the American Red Cross here, was made by Mr. Jacobus, who stated that Canadian in uniform would be equally welcome to avail themselves of its facilities.

It was shown in a final report submitted by Col. D. H. Tomlinson, provincial commissioner, that in all 18,000,000 articles had been made and shipped by Alberta, which represented 8 per cent of the total number of articles made by the Canadian Red Cross for the war time work done in this country.

Members appointed to attend the annual provincial meeting at Calgary were Mrs. G. N. Monkman, Mrs. T. H. E. Hogue, Mrs. R. Procter, Mr. Campbell Fraser, Mr. Muir and Mrs. R. McLachlin.

Other members of the executive are Mrs. B. Brown, Mrs. C. J. Johnson, Mrs. L. Wain, Mrs. P. S. Staples, Mrs. H. Elwell, Mrs. M. McLachlin, Mrs. W. F. A. Brown, Mrs. F. Dick, and Mrs. G. Scott.

In her report, Mrs. Procter stated

It's Sarongs For My Baby, And Yours Too!

There isn't only a coal shortage in Alberta! It's revealed by Mrs. R. Procter, convener of war work for the Edmonton branch of the Canadian Red Cross at the annual meeting.

Babies here are faced with a shortage of a most necessary article of wearing apparel by the almost complete disappearance of flannellette from the stocks of the retailers.

However, the Red Cross has solved the problem. Mrs. Procter said, and a scanty material, profusely covered by pink, roses is being used to supply the articles to which the convener referred delicately as "babies' sarongs."

"Don't be surprised if you see our babies with roses all around" she warned.

11 Car Owners Fined in Court

Each of 11 car owners was fined \$1 and costs in city police court Tuesday after pleading guilty to storing vehicles on city streets.

They appeared before Magistrate Harold Hove, K.C., Tuesday afternoon.

Police reported that the 11 owners had neglected to remove their cars off public streets and had allowed them to remain for periods of time longer than the 24 hour maximum allowed under parking regulations.

Hollie Smith, truck driver, was fined \$5 and costs for a similar offence. Truck, however, was towed away by traffic police.

It was shown in a final report submitted by Col. D. H. Tomlinson, provincial commissioner, that in all 18,000,000 articles had been made and shipped by Alberta, which represented 8 per cent of the total number of articles made by the Canadian Red Cross for the war time work done in this country.

Members appointed to attend the annual provincial meeting at Calgary were Mrs. G. N. Monkman, Mrs. T. H. E. Hogue, Mrs. R. Procter, Mr. Campbell Fraser, Mr. Muir and Mrs. R. McLachlin.

Other members of the executive are Mrs. B. Brown, Mrs. C. J. Johnson, Mrs. L. Wain, Mrs. P. S. Staples, Mrs. H. Elwell, Mrs. M. McLachlin, Mrs. W. F. A. Brown, Mrs. F. Dick, and Mrs. G. Scott.

In her report, Mrs. Procter stated

Snow Falling: Mercury Stays 3 Below Zero

Snow falling steadily in an almost windless atmosphere greeted Edmonton residents when they awoke Thursday morning.

Precipitation at the last reading gave .34 of an inch at the meteorological station, and .17 at the airport.

Temperatures remained almost stationary with a high reading Wednesday of three below and low Thursday morning of seven below. Last reading taken Thursday morning was four below.

Street car service was being maintained almost on schedule, street railway officials stated, but the snowfall was sufficiently heavy to make it necessary for snow plows to be on the job continually.

There was a slight delay in the service at Calder when a sewer broke down. The repair was effected in about half an hour however, and service was resumed.

In the north temperatures recorded little change with Chilling River showing the high reading of one above and Notikewin the lowest reading of 26 below.

Trains on the C.P.R. lines were running on time and officials reported that the snow storm had not put them up to any great delay.

On the C.N.R. lines trains running from the west were behind with No. 1 due in at 7:05 a.m. reported to be arriving at 1:25 p.m. and No. 3 due in at 7:55 expected in at 3:55 p.m.

Heavy snow in the east had held them up, officials stated. The west-bound train, at last report, were said to be on time.

Chinese Claim Japs Using Gas

CHUNGKING, Jan. 28.—(AP)—An official charge that the Japanese army is using poison gas for the first time since Britain and the United States threatened to retaliate if earlier attacks in China were repeated, was made by the Chinese high command.

Its communication said gas was used in a futile attack on Chinese positions northwest of Hangchow in southern Shensi province, Jan. 6.

"They used poison gas, but several hundred of their own men lost their lives as the wind suddenly turned toward their own positions," the communication said.

Edmonton Soldier Likes African Air

Life for a Canadian soldier in North Africa is "just like going to California for the winter."

That's the opinion expressed by Staff Sgt. Sig Johnson of the Royal Canadian Army Medical Corps, in a letter to his wife here, revealing he was one of the group of Canadians to make the trip to North Africa from England.

His letter said North Africa was a great country. We are picking oranges and cauliflower in January.

He described his trip from England as "wonderful." The sea "was just like a hot pond and we had no trouble of any kind. I am the only one here from my own unit."

"The Arabs all walk around barefooted and are dressed in raggs or blankets. The native women all have their faces covered and the troops are forbidden to speak to them at all."

Staff Sgt. Johnson enlisted in the army in Sept. 1939 and has been overseas since Jan. 1940.

B.C. Population OTTAWA, Jan. 28.—(CP)—The Dominion bureau of statistics reported yesterday there were more men than women in British Columbia at the time of the 1941 census, the male population totalling 435,021 and the female 428,850. In 1931 there were 383,219 men compared with 399,044 women.

Getting Around

ical skill, wedded to meek acceptance of an eternal guiding power.

The poem was handed to us by Flying Officer W. C. M. Barrell, of No. 7 R.C.A.F. recruiting office.

Men is not just Africa, the trackless alder.

In the empyrean blue, the air—man knows.

Where he is here, now is, and will be to go.

As on his sternest calmly he relieves.

Where am I? Here, Denebola replies.

Like a celestial beacon Mirfak thrushes.

His beam, And here's the North, Polaris shows.

Look upward, man! the ancient scholar cries.

Look upward, man! Beyond the farthest star.

Seek, everlasting wisdom from afar.

Four freedoms are the landfall of our flight.

Of speech, religion, and from want and fear.

Be this our prayer: Our Father, who is near.

Make good our track and set our course aright.

The heroic people of Britain now know that a long standing accord with the Axis has been squandered. More weight of bombs have been dropped by the R.A.F. on Germany than was dropped on Britain by the Luftwaffe.

This does not include bombs dropped in hundreds of raids on occupied France, the low countries, Norway, and the German-occupied Balkans. Then the Soviet air force bombed Berlin and other German cities on numerous occasions.

The balance is going to be pretty one sided in our favor before long.

A home catches fire on the average of every 100 minutes and a half in the United States.
